SOUTH AFRICA

DIVERSITY OF PEOPLE, CULTURE, WILDLIFE & SCENERY

ABOUT SOUTH AFRICA

South Africa, stretching from the leopards of the Kruger to the penguins of the Cape, is as diverse a country as any on our planet. With a unique position at the southern end of the world's most epic continent, South Africa truly has it all including a vast range of terrain to keep the most jaded photographer happy, and the vibrancy of Cape Town.

There's the arid Kalahari, Namakwa's springtime symphony of wildflowers, iconic Table Mountain and Cape Point, Kruger National Park's wildlife-stalked savannah and, running through the east of the country and into Lesotho, the Drakensberg. KwaZulu-Natal's iSimangaliso Wetland Park has five distinct ecosystems, attracting both zebras and dolphins.

WEATHER/WHEN TO GO:

For wildlife watching, the dry winter months of June to September are considered the ideal time to travel, as many trees and shrubs are leafless, which aids sighting. Limited food and water also means that animals are forced to be out in the open foraging and hunting, or drinking at a waterhole.

Airlines are aware of this, and fares during this time are at their highest:

Peak	Jun 1 – Aug 10 & Dec 10 – Dec 23
Shoulder	Apr 1 – May 31, Aug 11 – Sep 12 & Dec 24 – Jan 9
Basic	Jan 10 - Mar 31 & Sep 13 – Dec 9

Overall, we recommend traveling May – October if the primary purpose of the trip is the safari. If it is not, then the warmer months of October – March are probably more suitable, but it can be rainy in mid summer in Cape Town.

DOCUMENTATION

US and Canadian citizens are required to have a passport that is valid for 6 months beyond their return date, and with at least 2 blank visa pages. Entry permit will be granted on arrival at no cost. Citizens of other countries should contact us for requirements.

LANGUAGE AND PEOPLE

South Africa has 11 official languages: Afrikaans, English, Ndebele, Northern Sotho, Sotho, Swazi, Tswana, Tsonga, Venda, Xhosa and Zulu.

CURRENCY

The rand (sign: R; code: ZAR) is the currency of South Africa. The rand has the symbol "R" and is subdivided into 100 cents, symbol "c".

MEDICATIONS

Malaria meds are always optional, but are recommended for some parts of South Africa, including Kruger. Malaria is also present in northeastern KwaZulu-Natal Province, Limpopo Province, and Mpumalanga Province. Malaria free areas are Eastern Cape, Pilanesberg, Addo Elephant, KwaDwe, Shamwari, Welgevonden and Madikwe. If you will be visiting an area of South Africa with malaria, you will need to discuss with your doctor the best ways for you to avoid getting sick with malaria.

Yellow fever certificates are *not required* for entry to South Africa, unless you are coming from a country where yellow fever exists such as Zambia, Uganda or Rwanda. If you have questions about yellow fever shots you should take you itinerary to your doctor for a final determination.
